

INTENTIONAL GROWTH™ VISION WHEEL

Directions: The eight sections of the Vision Wheel measure the integration of your business in different aspects of your life. The center of the wheel is a 10 (your business plays a significant role), and the outer edges of the wheel are a 1 (that area of your life does not depend on the company). There are no right or wrong answers. The purpose is to be aware of your relationship with the business so you can build a plan that protects – or evolves – the most important things to you.

Put a dot in the middle of each section and then draw a line to connect them all. The perimeter represents the wheel of your business and personal life integration.
